Dear: Mr. Nelson and Mr. Byrd:

Thank you for the Advisory Council on Historic Preservation written comments dated June 19, 2007, and the Office of Historic Preservation comments received by email on July 6, 2007, on the Navy's Draft Engineering Evaluation/Cost Analysis (EE/CA) for Installation Restoration Site 29, Hanger 1, at Former Naval Air Station (NAS) Moffett Field dated May 5, 2006. We are currently revising the document based on public comments received and new cost and technical information obtained after public release. We appreciate your recent comments and remain committed to ensuring that your comments as well as other regulatory agency and community concerns with the May 2006 EE/CA are adequately addressed.

The Navy proposes a meeting or conference call with your agencies the week of August 20, 2007 to discuss your comments and the next steps of our integrated Section 106 consultation and CERCLA decision making process. Please contact Mr. Darren Newton, BRAC Environmental Coordinator, at (619) 532-0963 with your availability.

Sincerely,

JOHN M. HILL
Base Closure Manager
By direction of the Director
