Dear Andy:

It is my honor to inform you of your selection to receive **2005 Integrated Project Award**. You were selected to receive this award as a result of your work with the Irvine Desalter Project. The award will be presented at the Third Annual **"State of the Santa Ana Watershed Annual Conference and Awards Program**.

The Conference is hosted by the Santa Ana Watershed Project Authority (SAWPA) and the Santa Ana Watershed Coalition (SAWC). These two entities share a united goal of providing the latest information on water issues with cities, planning departments, private sector companies, business groups, environmental groups and elected officials.

The Awards Dinner will be held at the historic Riverside Mission Inn on April 28th. The reception begins at 6:00 p.m. and the dinner will start at 7:30 p.m. Television personality, Stephanie Edwards, will be the Emcee of the evening activities. We have reserved seats for you and a guest to join the other award winners, top officials of the water community and key stakeholders at this fun and entertaining dinner.

The following day on April 29th, is our Annual Conference, which is a day-long event with panel discussions and presentations featuring speakers such as Dr. John Husing, Assemblyman John Benoit, Riverside County Supervisor Marion Ashley, and Chief Deputy Director of the Department of Water Resources Joe Grindstaff. The luncheon keynote speaker is Dan Walters, syndicated political columnist from the *Sacramento Bee*, who will talk about what happens behind the scenes in Sacramento Politics.

Please contact the Coalition office at (951) 371-5190 to confirm your attendance and provide us with the name of your guest. Congratulations on this well-deserved honor and I look forward to presenting you with your award at the dinner.

Sincerely,
Santa Ana Watershed Project Authority

I am pleased to offer you my congratulations for being honored at the Third Annual Santa Ana Watershed Awards Banquet and Reception.

California is home to many of America's most pristine rivers, streams and lakes. The maintenance and improvement of these watersheds is essential to protect public health, fisheries, wildlife, agriculture, economic development and recreational activities in the Golden State.

I salute you for your steadfast commitment to the environment. Your efforts help sustain our natural resources for future generations.

On behalf of all Californians, I send my best wishes for a memorable event and every future success.

Sincerely,
