**RE: Final Phase III Basewide Tank Closure Report No Further Action Sites, Former Naval Air Station Moffett Field, California**

Dear Ms. Espinoza:

The U.S. Environmental Protection Agency (EPA) has reviewed the Final Phase III Basewide Tank Closure Report No Further Action Sites dated December 16, 2004. Please note that EPA only reviewed and commented on the three sites (sumps 62, 62A and 130) included in the draft report and we deferred the review of other sites contaminated with only petroleum products to the Regional Water Quality Control Board. Our comments on the three sites have been fully addressed in the final report and we concur with the conclusions presented in the report.

If you have any questions, please feel free to call me at (415) 972-3018, or contact me by email at [tan.lida@epa.gov](mailto:tan.lida@epa.gov).

Sincerely,

Lida Tan
