

Navy Monthly Progress Report

Former Mare Island Naval Shipyard

May 28, 2015

USS Kidd (DDG-993)

1.0 INTRODUCTION

The Department of the Navy prepared this monthly progress report (MPR) to discuss environmental cleanup at the former Mare Island Naval Shipyard (Mare Island) in Vallejo, California. This MPR does not discuss cleanup work by the City of Vallejo or its developers, Lennar Mare Island and Weston Solutions, through the Environmental Services Cooperative Agreements (ESCA). The work completed through those agreements this month is reported separately. This MPR discusses progress made during the reporting period from April 30, 2015 through May 28, 2015. The information provided in this report includes updates to fieldwork and removal actions, document submittals, the progress of regulatory reviews, issues associated with Navy environmental programs, and Base Realignment and Closure (BRAC) Cleanup Team (BCT) and Restoration Advisory Board (RAB) meetings.

The Navy's fieldwork is part of an ongoing cleanup process for PCBs that will continue through August 2015.

PCB cleanup in Building A71

3.0 DOCUMENT SUBMITTALS AND PROGRESS OF REGULATORY REVIEW

The Navy submitted the following documents during the reporting period, listed below:

- Draft Final Crane Test Area (CTA) North Remedial Investigation Report
- Draft Final Parcel XVI, Solid Waste Management Unit (SWMU) 78 Field Investigation Completion Report
- IR 17 & Building 503 Area Proposed Plan/Remedial Action Plan (PP/RAP)

2.0 FIELDWORK, REMOVAL, ACTIONS AND UPCOMING EVENTS

During the month of May 2015, the Navy performed fieldwork at Investigation Area C2 (Building 743) and Investigation Area F1 (Buildings A17, A71, A142, A192, A215, A253, A266, and A271). The Navy collected samples of concrete and wood block flooring from these buildings to assess the potential presence of polychlorinated biphenyls (PCBs). The Navy also remediated PCBs in portions of the concrete floors at Buildings A71, A142, and A192.

3.0 DOCUMENT SUBMITTALS AND PROGRESS OF REGULATORY REVIEW (CONTINUED)

The Navy received comments or concurrence from regulatory agencies on the following documents during the reporting period:

- Draft IR 17 & Building 503 Area PP/RAP
- Draft Parcel XVI, SWMU 78 Field Investigation Completion Report
- Draft Defense Reutilization and Marketing Office (DRMO) South Remedial Investigation Report

4.0 REGULATORY REVIEW: YEAR-TO-DATE PROGRESS

The documents presented in the following table include only documents that address sites where the Navy remains responsible for the cleanup work.

Number of Documents Submitted by the Navy	10
Number of DTSC Comments Received by the Navy	9
Number of Water Board Comments Received by the Navy	8
Number of EPA Comments Received by the Navy	1

BCT meetings are held regularly with the Navy, Department of Toxics Substances Control (DTSC), San Francisco Bay Regional Water Quality Control Board (Water Board), and the United States Environmental Protection Agency (EPA) to discuss the progress of environmental cleanup at Mare Island. The next BCT meeting will be held on Thursday, July 30, 2015.
