

**NOTICE OF 30-DAY PUBLIC REVIEW PERIOD
FOR THE
DRAFT FINDING OF SUITABILITY TO TRANSFER
(FOST)
FOR FORMER LONG BEACH NAVAL COMPLEX
LONG BEACH, CALIFORNIA**

The Department of the Navy (DON) announces a 30-day public review period for a Finding of Suitability to Transfer (FOST) for portions of Former Long Beach Naval Complex (LBNC) in Long Beach, California (the 2014 FOST Parcel). Former LBNC is located primarily within the City of Long Beach. Former LBNC includes Former Long Beach Naval Station (LBNS) and Former Long Beach Naval Shipyard (LBNSY), both of which were closed under the Defense Base Closure and Realignment Act of 1990. LBNS operationally closed on September 30, 1994; and LBNSY operationally closed on September 30, 1997.

This FOST comprises approximately 128 acres of Former LBNC, including two non-contiguous upland areas, one submerged land area surrounding the Long Beach Harbor West Basin, seven submerged land areas beneath former piers, and three existing pier areas and their associated submerged lands. The FOST concludes that property is environmentally suitable for transfer in accordance with Section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act.

PUBLIC REVIEW OF THE DRAFT FOST

The LBNC Draft FOST is available for public review and comment during the 30-day Review Period from May 21 to June 20, 2014. If you have any questions about this Draft FOST, please contact Mr. James Callian, BRAC Environmental Coordinator, 1455 Frazee Road, Suite 900, San Diego California 92108-4310; james.callian@navy.mil; (619) 532-0952 phone; or (619) 532-0940 fax.
