

NOTICE OF AVAILABILITY

ENGINEERING EVALUATION AND COST ANALYSIS INSTALLATION RESTORATION SITE 24A – FORMER PISTOL RANGE FORMER NAVAL WEAPONS STATION SEAL BEACH DETACHMENT CONCORD, CONCORD, CALIFORNIA

The Department of the Navy (DON), in coordination with state and federal regulatory agencies, is announcing the public availability of the Engineering Evaluation and Cost Analysis (EE/CA) for a non-time-critical removal action at Installation Restoration (IR) Site 24A, the former Pistol Range at the former Naval Weapons Station Seal Beach Detachment Concord (NAVWPNSTA Concord). Former NAVWPNSTA Concord was a major naval munitions transport and shipment facility located in the north-central portion of Contra Costa County, California, about 30 miles northeast of San Francisco. IR Site 24A was used as a pistol range and a practice area for rifle-launched grenades. These uses have left contaminants and potential explosive hazards on site that may present risks to human health and the environment. The EE/CA recommends soil excavation with lead stabilization, offsite soil disposal, munitions screening, and metals recycling to mitigate potential risks to human health and the environment.

PUBLIC COMMENT PERIOD

The Navy invites interested members of the public to review and comment on the IR Site 24A EE/CA during a 30-day Public Comment Period, from May 13 through June 13, 2011. Public comments must be submitted in writing and be postmarked or e-mailed no later than June 13, 2011. If you have any questions or wish to comment on this project, please contact Mr. Scott Anderson, Base Realignment and Closure (BRAC) Environmental Coordinator, Former NAVWPNSTA Concord, BRAC Program Management Office West, 1455 Frazee Rd., Suite 900, San Diego, CA 92108-4310; scott.d.anderson@navy.mil; (619) 532-0938.

FOR MORE INFORMATION

The EE/CA is available on the Navy's website, www.bracpmo.navy.mil. Other site documents are available for review at the Navy's website and at:
