

## **NOTICE OF AVAILABILITY AND PUBLIC COMMENT PERIOD**

### **Action Memorandum CERCLA Time-Critical Removal Action Munitions Response Program Site Quarry Area Former Naval Air Station Brunswick**

The U.S. Navy, in coordination with state and federal environmental regulatory agencies, encourages the public to comment on the Action Memorandum for a Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) Time-Critical Removal Action for a Military Munitions Response Program (MMRP) site known as the Quarry Area at the former NAS Brunswick, Maine. The Action Memorandum recommends a clearance of the surface of munitions explosives hazards at the Quarry Area and investigation of the subsurface to aid in determining the location for installation of a perimeter fence to prevent site access.

#### **PUBLIC COMMENT PERIOD**

The Navy invites interested members of the public to review and comment on the Action Memorandum during the 30-day public comment period, held from November 22 through December 22, 2011. Public comments must be submitted in writing and postmarked or e-mailed no later than December 22, 2011. Please send all comments to: Mr. Paul F. Burgio, BRAC Environmental Coordinator, BRAC Program Management Office Northeast, 4911 South Broad Street, Philadelphia, Pennsylvania, 19112-1303, paul.burgio@navy.mil, (215) 897-4915.

#### **FOR MORE INFORMATION**

Copies of the Action Memorandum, Site Inspection Report, and other site documents are available for review at the NAS Brunswick Information Repository. Copies of the Action Memorandum are also available at the library. If you have any questions or wish to discuss this project, please contact Mr. Paul F. Burgio, BRAC Environmental Coordinator (see above).
