

**NOTICE OF AVAILABILITY  
AND  
PUBLIC COMMENT PERIOD**

**Proposed Plan**

**Former Orion Street Skeet Range  
Former Naval Air Station Brunswick, Maine**

The Department of the Navy announces the availability for public comment of the Proposed Plan for the former Orion Street Skeet Range (OSSR), at the former Naval Air Station Brunswick, Maine. This plan was prepared as required by the Comprehensive Environmental Response, Compensation, and Liability Act (also known as Superfund). The OSSR is located in the east-central area of the base, just northeast of the taxiway intersection and near the intersection of Orion Street and Neptune Road. Soil contamination at the OSSR occurred as a result of its use in the 1950s as a small arms (skeet) practice range for training military personnel. Lead-contaminated soil resulting from these activities was excavated and properly disposed of at an off-base landfill in 2013. No further action is required for soil at the OSSR to protect public health or the environment.

**PUBLIC COMMENT PERIOD**

The Proposed Plan is available for public review, and the Navy will accept comments from July 26 to August 26, 2016. Public comments submitted in writing must be postmarked or e-mailed no later than August 26, 2016. If you have any questions or wish to comment, please contact:
