### ***Conflict of Interest***

Individuals who have financial interests that could affect their impartiality about matters presented to the RAB for consideration may not be members of the RAB. A conflict of interest exists for anyone who may receive a direct or indirect personal financial gain, or who may gain unfair business advantage, from feedback on environmental cleanup alternatives, waste management methods, or technologies used on the former Navy base, such that it biases his/her feedback.

By signing and submitting this application form, I acknowledge the following: My RAB membership does not present a conflict of interest. I am aware that RAB membership requires a time commitment. If I am selected, I agree to work as a volunteer. I will cooperate and collaborate with the other RAB members to ensure that we efficiently and effectively use RAB resources to contribute to the environmental cleanup on the former Naval Station Roosevelt Roads. **I understand that my name may be published as a RAB member, but that my address and telephone number will not be published without my consent.**
